# WHY TASAS?

Taizhou is China's important automobile and parts production base, Taizhou is known as the first city in China to build cars by private enterprise .The city has more than 6,000 automobile and parts enterprises into the Linhai, Luqiao, Taizhou Economic Development Zone and other vehicle manufacturing base, as well as Yuhuan, Tiantai two national auto parts manufacturing industrial base.Taizhou has Geely Haoxiang, Volvo, NEW GONOW GROUP and other 3 large enterprises. The auto parts industry has 12 listed companies, 17 companies with annual output value of more than 1 billion yuan, and the traditional auto parts enterprises are constantly transforming to new energy direction, forming a series of achievements in the field of new energy automobile motors, gearboxes and thermal management systems.

Regarding the motorcycle industry, Taizhou has 21 motorcycle manufacturers, of which 9 motorcycle manufacturers are first-class production qualification, with 47 motorcycle brands. Taizhou mainly produces pedal-type motorcycles, accounting for more than half of the national output, and its products are exported to Europe, America, Southeast Asia and other regions.
